Roofinox tin-plated (Terne) 439/316L

The tin-plated stainless steel

- The Patina creates an elegant tin grey surface
- Exposure to the weather leads to the patination process
- Ideal for all roof types
- Tin-plating is an excellent addition to chrome steel
- Prices more stable as it is a nickel-free stainless steel
- Excellent solderability thanks to the tin coating
- 100% recyclable

Roofinox tin-plated (Terne) is your patina roofing metal. It can be used in a wide range of areas:

Roof

(Ventilated / non-ventilated, roof flashings)

Rainware

(Gutters, elbows, accessories)

Roof flashings

Please consult us for other areas of use.

The advantages of Roofinox stainless steel

- 100% recyclable
- Made with approx. 85% recycled stainless steel
- Long life, because there is no material erosion (see the Chrysler Building, NY, built 1930)
- No problems with normal moisture caused by condensation
- Low maintenance and easy to clean
- Resistant to algae and roots
- Can be processed even at low temperatures
- Can be combined with other materials
- Lowest thermal expansion
