# Roofinox Tin Matte 439/316L

The tin plated stainless steel

- 100% pure tin coating electroplated to a stainless steel base
- Offers the corrosion resistance of Stainless Steel with the naturally weathering finish of tin
- Same great Roofinox formula, 20% more malleable than any other stainless product
- Light Gray to start weathering to a beautiful rich Dark Gray patina
- Available in two great alloys, depending on your environment
- Available in coil and sheet: 39.4" x 120" Coil: 39.4", 24.6", 19.5"
- Solders easily, no special prep
- Great for where ever copper, lead coated copper, ZT Alloy coated copper or Zinc may have been used
- Roofing, Cladding, Rain Ware and Flashings
- Field paintable for the traditionalist

**Roofinox Tin Matte, the naturally weathering roofing metal.**  
**Perfect for:**

**Roof**

(Ventilated / non-ventilated, roof flashings)

**Please consult us for other areas of use.**

**The advantages of Roofinox stainless steel**

- 100 % recyclable
- Made with approx. 85 % recycled stainless steel
- Long life, because there is no material erosion (see the Chrysler Building, NY, built 1930)
- No problems with normal moisture caused by condensation
- Low maintenance and easy to clean
- Resistant to algae and roots
- Can be processed even at low temperatures
- Can be combined with other materials
- Lowest thermal expansion
